

## Terms and Conditions

### Regional Mathletics Competitions

Participating in Regional Mathletics Competitions is free for students in year groups Reception to Year 6. Participants can enter via either an existing Mathletics login or signing up through their school to the Regional Mathletics Competition itself. The competition is not open to individual students or home educators.

As a condition of entry, participating students and schools accept that their names may be published on our website in connection with this event and its rules.

Event rules are set out in the Competition Pack.

#### To be eligible for prizes:

- Students must compete in the current year/grade level they're enrolled in as of 1<sup>st</sup> September, in the year of the competition.
- Students can only take part in the event once using one Mathletics student login. If a student is found to have used multiple accounts to participate, they will not be eligible for prizes.
- We aim to have prizes delivered to winners within 4–6 weeks after we finalise the event for all year/grade levels.
- Students must answer all questions by themselves without assistance. May the best Mathlete win – do your best!

In the case of a tie, a random draw will determine the winner.

#### Other:

Prizes referred to in the competition pack must be accepted 'as is' by the winner and cannot be transferred or exchanged. Prizes may be substituted by us if unavailable or due to delivery constraints. Prize Distribution: In cases where prize distribution becomes contested, delayed, or difficult, 3P Learning Limited reserves the right to make a final and binding decision, including but not limited to redistributing, withholding, or altering the prize format. Any errors in delivery caused by inaccurate or incomplete participant details are the responsibility of the respective school and no additional compensation or alternative prize will be provided. Disputes must be raised within 14 days of prize announcements, after which no claims will be entertained.

Prizes with user terms and conditions, must be accepted with those terms and conditions, or can be declined by notifying us. We may distribute non-deliverable or declined prizes at our full discretion without further correspondence.

If a school, classroom, or student is unable to accept a prize for any reason, or if their participation is subsequently found to be ineligible, the following conditions will apply:

- 1. Non-acceptance:** The prize will be forfeited and may be awarded to the next eligible participant, as determined by us at our sole discretion. In such cases, no alternative compensation will be offered.
- 2. Ineligibility:** If we determine after the event that a school, classroom, or student has breached these Terms and Conditions or provided false information, we reserve the right to disqualify the participant and forfeit any awarded prizes. We may at our full discretion, redistribute the prize to another eligible participant or retain it.

## Terms and Conditions

### Regional Mathletics Competitions

- 3. Notification:** We will notify affected parties if a prize is being withdrawn or redistributed and our decision on this matter will be final and binding.
- 4. Prize forfeiture:** Any forfeited or declined prizes may be used or distributed by us in any manner we see fit, without further notice or obligation.

We are not liable for any disruption to the competition due to unforeseen technical issues. Participants accept the risk of such disruptions as part of online participation. This includes, but is not limited to, issues around the reporting of student scores within Mathletics. If there is a disparity between a student's score within the teacher centre of Mathletics and the leaderboard for the competition, the competition leader board will be taken as the correct score.

All prizes awarded in this competition are considered as-is and any taxes, levies, or other financial obligations arising from the acceptance of a prize are the sole responsibility of the recipient (the student, classroom, or school). 3P Learning Limited will not be responsible for any financial liabilities incurred. Prize recipients are advised to seek independent financial advice regarding any tax implications of their prize.

This event is an initiative of 3P Learning Limited. We ensure that all data collected in the event is handled in accordance with applicable UK data protection laws, including GDPR. For more information about how we handle personal information in our learning resources and programs (which includes this event), please refer to our [Privacy Policy](#) and [Terms and Conditions](#).
