

Reading Eggs: Supporting Every Student's Reading Journey

Looking for a proven way to support reading at all levels? Get a research-backed program that delivers personalized instruction for every student's success.

Comprehensive support tools

Empower student success with:

- Evidence-based reading instruction featuring systematic synthetic phonics and learning paths that match individual levels.
- Specialized Really Readable and Hi-Lo collections, plus universal design features including read-aloud support.
- Detailed assessment tools and progress monitoring that streamline planning and simplify documentation.
- Seamless connections between classroom and home with easy-to-use tools for teachers and families.

Transform struggling readers into confident learners

Watch as hesitant readers become enthusiastic learners through:

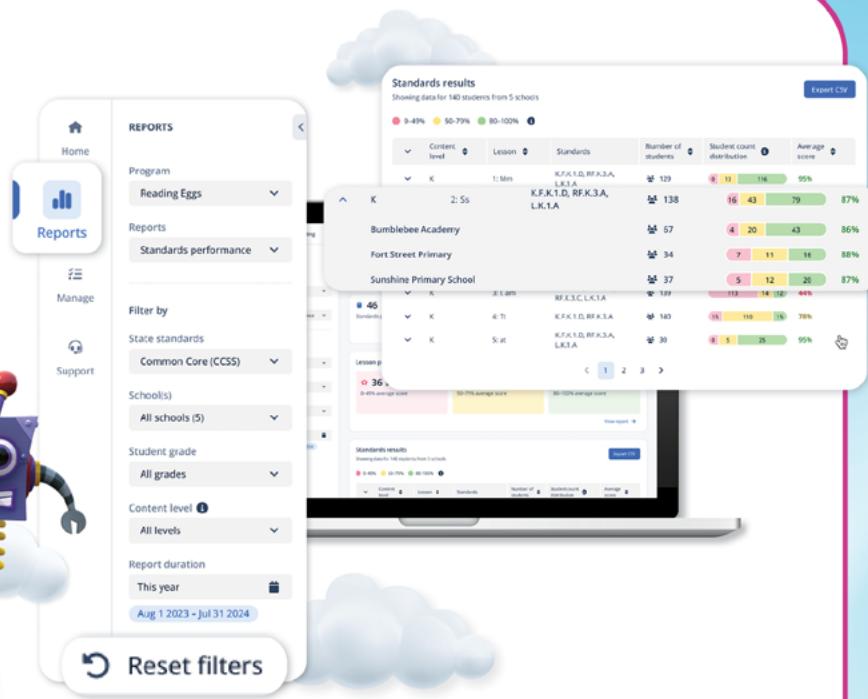

- Engaging gamified lessons that celebrate every achievement.
- Interactive animations that maintain focus and enhance comprehension.
- Self-paced progression that respects individual learning journeys.
- Built-in reward systems that build confidence through success.

Effortless progress monitoring

Stay on top of every student's progress with comprehensive tracking tools including:

- Real-time skill-specific analytics.
- Customizable learning objectives.
- Targeted intervention insights.
- Flexible reporting options.

Connected learning experience

Give families the tools they need to support reading success at home—from structured activities to progress updates, everything works together to maintain consistent learning support.

A colorful illustration featuring a cartoon egg character with a smiling face, wearing a purple shirt, holding a tablet that displays the text 'Improved By One Reading Level' and '93% In Six Weeks'. The tablet is positioned in front of a computer monitor. In the background, a pink rocket ship is launching from a cloud, leaving a dashed trail. The scene is set outdoors with green grass, flowers, and a blue sky.
