

# New District Reporting Features

Get ready for a fast and easy way to gain valuable insights into your district's literacy success.

Every district leader needs clear, useful data to drive literacy success in their schools. The upcoming **Reading Eggs Standards Performance Reporting** provides **valuable, easy-to-understand insights** into student growth, highlighting successes as well as areas needing additional support.

As you may already know, Reading Eggs is **thoroughly mapped to provincial-specific standards**. Each lesson, activity and assessment in the program is developed to **target and reinforce the essential literacy skills and knowledge areas required by your province**.

The new reporting features let you easily see how your district is performing against these provincial-specific standards, empowering you to make **quick, data-informed decisions** that ensure consistent improvement across all your schools.

## Here's how you'll benefit from the new district reporting features:

- Track student progress against provincial standards at a **district, school or grade level**, enabling **progress monitoring of student growth over time**
- See which schools and grades are performing below, at or above grade level, helping you **identify common areas of improvement and growth**

Content level	Lesson	Standards	Number of students	Student count distribution	Average score
K	1: Mm	K.F.K.1.D, RF.K.3.A, LK.1.A	129	0 13 116	95%
K	2: Ss	K.F.K.1.D, RF.K.3.A, LK.1.A	138	18 43 79	87%
K	3: I, am	K.F.K.1.D, RF.K.3.A, RF.K.3.C, LK.1.A	139	113 14 12	44%

The screenshot shows the 'Reports' section of the Reading Eggs platform. On the left, there's a sidebar with icons for Home, Reports, Manage, and Support. The main area is titled 'REPORTS' and shows a dropdown for 'Program' set to 'Reading Eggs'. Below it is another dropdown for 'Reports' set to 'Standards performance'. A large 'Filter by' section contains dropdowns for 'State standards' (Common Core (CCSS)), 'School(s)' (All schools (5)), 'Student grade' (All grades), 'Content level' (All levels), and 'Report duration' (This year). At the bottom of this section is a blue 'Reset filters' button.

- Easily filter data by date range, schools and grade levels to quickly display the insights you need with clear visuals and an easy-to-use interface

- With a single click, drill down into detailed reports to see how your students are performing against specific standards and skills for each lesson regardless of grade level

## Reading Eggs is a Research-Based Literacy Solution

An independent study revealed a remarkable **19% increase** in students reading at or above grade level whilst using Reading Eggs, with **93% improving** by at least one reading level - surpassing a control group that showed only minor progress.\*
